[Adobe® Reader® 7.0.8 or Newer](#)

Step Two:

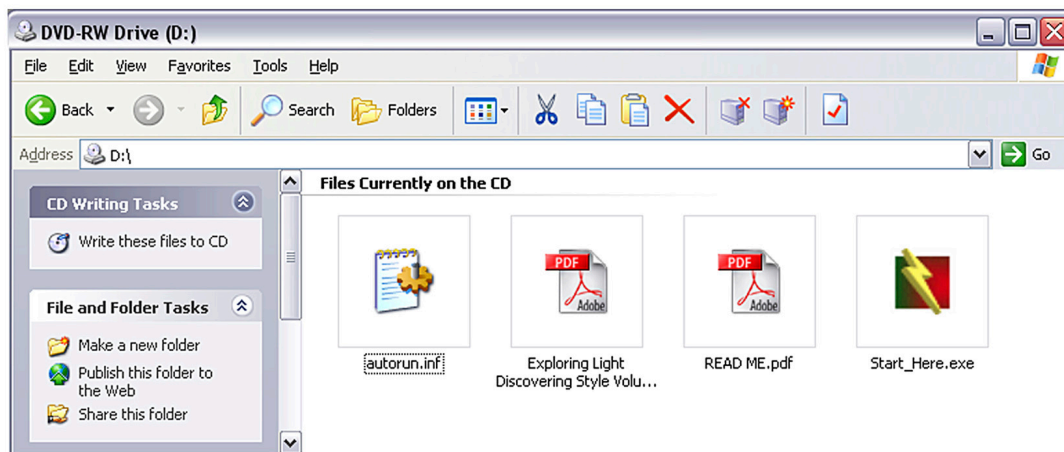

MAC: Insert the CD disc and navigate to the Exploring Light Discovering Style Volume One.pdf file.

WIN: See Page 3 for Launch Instructions

WINDOWS Launch Instructions

Given the unique copy-protected format of our PDF tutorial files, users must first open the **Start_Here.exe** file. If your computer has Auto Run enabled, the **Start_Here.exe** will automatically open. If you do not have Auto Run enabled, please follow the steps below. (Please Note: NO software will be installed on your computer.)

1. Insert the Exploring Light, Discovering Style CD.
2. Navigate to the window showing the contents of your CD/DVD Drive.
You will see the four files shown below.

3. Double-Click on the **Start_Here.exe** icon

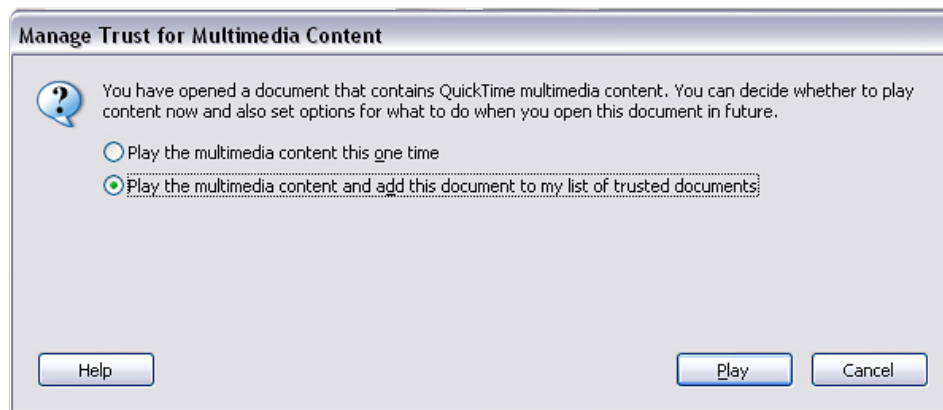

to enable all PDF viewing instances.

4. This tutorial PDF is only available for viewing from the Disc. Copying the Exploring Light, Discovering Style PDF will only yield a non-functionaing copy.

Additional Tips about getting the most from our QuickTime movie content:

1. Upon arriving at each page with animation, you **MUST** press the **PLAY** button to initiate the loading of the QuickTime content.
(Tip: The 15 animations are on the pages with the black backgrounds.)
2. Each QuickTime Movie requires a load time of approximately 5 to 15 seconds.
3. Upon your first launch of a QuickTime Movie, Adobe® Reader® will launch the following Security prompt Window. We advise that you do add this document to your list of trusted documents by selecting the button shown and pressing Play. This way, you won't receive future prompts.

We thank you for purchasing this copy of The “Exploring Light / Discovering Style” Series.
We hope that you will profit from the learning experience in this photographic lighting tutorial series.
